

WOLF RIDGE CAMP INFORMATION FOR GROUP LEADER

Thank you for your decision to come to Wolf Ridge Camp at Fossil Rim Wildlife Center. We want to do all that we can to ensure that you have an enjoyable time!

All camps:

Be sure that all campers (adult and children) receive and sign a "Camper Release of Liability Form" at least a week before camp. They should also receive a copy of "Camp Information and Policies".

Before you come, divide your group into subgroups of no more than 25 children, with one chaperone for every 12-13 children. Please be aware that you and your chaperones are responsible for "crowd control" of your group at all times during your stay at Fossil Rim, including at meals and during any free time.

We must have an exact head count two weeks prior to your camp. It may not be possible to accommodate everyone on the park tour or in other activities if the number of visitors is greater than expected.

Be aware that Wolf Ridge Camp is a multi-group facility in which groups may be sharing common facilities and programs (with the exception of bunkhouses).

Please arrive in a timely manner (9:00 AM for day camps, 10:00 AM for overnight camps). Due to time constraints, scheduled activities may have to be deleted for late arrivals.

Overnight Camps:

Please decide ahead of time on sleeping arrangements. There must be at least one adult per cabin. Cabins must be full before another is opened. One male and one female cabin may be designated without either being completely full to provide modest accommodations.

Wake up is 7:00 AM the day of departure. Your group is responsible for sweeping and removing trash from your cabins, and loading all vehicles in preparation for departure prior to breakfast at 8:00 AM.

Meals are Chef's Choice and include dinner and breakfast. If anyone in your group has any food allergies or other dietary restrictions (including vegetarian), please let us know at least two weeks in advance.

Overnight camps include a campfire, unless we are under a burn ban. You may bring ingredients for s'mores (you will need to provide the skewers as well), along with any other snacks and drinks. Reminder: food will not be allowed in the cabins.

A staff member of Fossil Rim Wildlife Center will be staying overnight at the camp. They will tend to the campfire and be responsible for waking campers at 7:00 AM on the morning of departure. **Please do not hesitate to wake them in the event of an emergency or if you have any immediate concerns.**
